TEWOGBADE TELLA

WEB DEVELOPER

Lagos, Nigeria.   +234(0)8189733799   tewogbade3008@gmail.com

ABOUT ME

As a Full-Stack Web Developer, I am dedicated to crafting user experiences that are both intuitive and engaging. My background in Architecture, combined with a certificate in Full-Stack Web Development, equips me with the skills and expertise to excel in both front-end and back-end development. With a strong ability to collaborate effectively, think creatively, and bring projects from ideation to execution, I am confident in my ability to deliver top-quality results.

YABA COLLEGE OF TECHNOLOGY
Lagos, Nigeria
National Diploma Architecture

EXPERIENCE

Web developer • (Personal Project)
Feb. 2023 – March 2023
- Developed an innovative recipe app with comprehensive information, including ingredients and instructions, using the Recipe API.
- Implemented diverse filter options for Italian, American, Thai, and Japanese cuisines, allowing users to explore different cooking styles.
- Collaborated with a development team to ensure smooth functionality and efficient data retrieval.
- Conducted thorough testing and debugging for app stability and performance.
- Gathered user feedback to enhance usability and satisfaction.
- Participated in meetings to brainstorm new features, improve functionality, and meet deadlines.
- Delivered the app within the specified timeframe, exceeding client expectations.

Web Development Intern • Tech Accent Creatives
June 2022 – Dec. 2023
- Collaborated with cross-functional teams including designers, project managers, and other developers to gather requirements and ensure successful project delivery.
- Assisted in the development and maintenance of responsive web applications to ensure compatibility across different devices and browsers.
- Developed well-designed, testable, and efficient code using industry best practices for software development.
- Designed website layouts and user interfaces, adhering to standard HTML/CSS and JavaScript best practices.
- Assisted in integrating data from various back-end services and databases using Node.js and Express.js.
- Conducted testing and provided feedback on new and existing technologies.
